

Southwest Tennessee ECONOMIC IMPACT

Studies have shown that safe, sound, affordable housing is essential to a healthy home, educational achievement, successful employment, and the stability and safety of the neighborhood.

In this study, we developed a comprehensive framework to estimate the *economic* impact of Tennessee Housing Development Agency (THDA) activities in providing safe, sound, affordable housing options to low- and moderate-income households. To this end, we reviewed THDA programs, both loans and grants, to determine the scope and the monetary flows of each program's activities.

Because of the economic multipliers or “ripple” effect, our affordable housing programs impact all industries in the economy, going far beyond the specific unit or neighborhood in which THDA program money is spent.*

BUSINESS REVENUE

- ✓ Total contribution of the THDA-related activities to Southwest Tennessee's economy was estimated at \$76.04 million** in 2007
 - Of this total, \$48.92 million was directly injected into the economy by THDA-related activities
 - Every \$100 of the THDA-related activities generated an additional \$55 in business revenues

PERSONAL INCOME

- ✓ THDA-related activities generated \$26.53 million** in wages and salaries in 2007
 - Every \$100 of personal income produced an additional \$46 in personal income in the local economy

EMPLOYMENT / JOB CREATION

- ✓ THDA-related activities created 797 jobs** in 2007
 - Every 100 jobs created by THDA-related activities, primarily in the construction sector, generated 50 additional jobs throughout the local economy

STATE AND LOCAL TAXES

- ✓ THDA-related activities accounted for \$2.25 million in state and local taxes in 2007.

* We used the IMPLANpro input-output model to calculate these “ripple” effects on the Tennessee economy.
