**PHA Plan Update**

(a) Identify all PHA Plan elements that have been revised by the PHA since its last Annual Plan submission:

**Natural Disaster Preference**-Added clarification that a persons who apply for a natural disaster preference must verify that the destroyed home was their primary residence prior to the disaster.

**Full time Student Determination and Income**-Clarification on the full time student verification was added, including the documents necessary to determine a student is independent of their parents at the time of admission (when 23 years or younger without dependent children). Two sections were added. One for verification of student eligibility; another for verification of student income. The Full time student rule was also clarified to explain the difference between the treatment of income for full time student when the student is not attending an institution of higher education, and when the student is attending an institution of higher education with financial aid that exceeds the cost of tuition.

**Earned Income Disallowance**-Clarification was added for the earned income disallowance when earned income is not reported timely. In this case, the EID is retroactively calculated/applied, and no repayment is required.

**Job Training Program**-Information about the income exclusion for federally funded job training programs was updated.

**Minimum Income Requirement**-Clarification was added under Minimum Income Requirement that self declared expenses are considered when calculating annual income using the Personal Declaration as verification.

**Housing Quality Standards**-Direction was added that the Director may approve a variation from HQS when a fail item conflicts with local codes. Additional information was also added concerning the required testing of electrical outlets. Additional detail was added to the HQS self-certification form requirements allowing the owner to submit documentation that reasonable attempts were made to work with the tenant to make required repairs and/or sign the certification form and was unable to receive cooperation. Repairs and HQS certification are still due on or before the 30<sup>th</sup> day after the initial inspection date. The HQS Landlord/Tenant Repair form is not necessary when the only "repair" or outstanding item needed for the unit to be in compliance is Inspection Booklet certification form(s). Direction was added dis-allowing a unit to be placed back onto the program for the same family when the HAP Contract is terminated following abatement unless it is approved by the Director. A carbon monoxide detector must be present near the bedrooms in the unit when any gas appliance is present.

**Execution of Leases**-Clarification was added to the plan for situations where a new lease is offered at annual but the documents are not received in time to process the recertification. If the tenant agrees to the terms of the new lease, a new HAP Contract with matching term is executed. THDA must receive a new lease no less than 30 days prior to the annual date for the annual to be fully processed and HAP to continue uninterrupted. If the lease is received less than 30 days prior to the annual date and/or the HAP Contract is not received timely but THDA has adequate information to process the recertification, the recertification may be processed and placed on hold to await the new lease and HAP Contract. If all documents are not received within 30 days of the recertification date, the Contract will be terminated and the family issued a voucher for relocation. In this case, when the HAP is delayed, the landlord may not charge a late fee to either THDA or the tenant since they caused the delay. Clarification was added to require the new term of any renewal lease to start on the recertification date (or the first of a month) and end on the last day of a month, regardless of whether the original lease started mid-month.

**'Hold Over' Tenancy**-A paragraph under Leases for holdover tenancy was added to clarify that the HAP payment will continue when a tenant decides to "holdover" in a unit and await a court approved eviction action after a notice to vacate is issued by the landlord. In this case, either the tenant or landlord must notify THDA of the holdover action for the payment to continue uninterrupted.

**Serious and Repeated Lease Violations**-Additional clarification was added for when to terminate for a serious or repeated lease violation. If a landlord terminates a lease during the initial term or anything other than good cause (or undocumented lease violations), the landlord may be barred from future participation for HAP Contract violations.

**Criminal Background Checks**-Additional clarification was added to explain that a THDA CBC report is not necessary to support a termination for criminal activity by a participant. Other legitimate sources, such as criminal background reports submitted by the landlord/owner or reports obtained directly from a police department, as well as other documents may be used to support the termination action. A THDA CBC may be run only if additional support is needed. Additional requirements were added for termination for criminal activity when a violent criminal act is committed on or near the assisted unit.

**Job VASH Portability Vouchers**

A section on the procedures for processing VASH port-ins was added to the plan.

**Relocations (Transfers) Between THDA Offices**

When a participant requests to relocate to a community covered by another THDA field office, the family will initially be treated similar to an outgoing portable in order for a determination to be made when an RTA is submitted.

**Absence from the Unit**

Has clarified its policy on how long the family may be absent from the unit as it pertains to the following: absence of entire family; medical absence; court ordered absence; military leave; absence due to death; absence of HOH when a caregiver is temporarily placed in the unit.

**Child Support When Payer is a Household Member**

The plan has been updated to included clarify treatment of income when a person that has been making financial contributions to an assisted household is added to the family composition. The family income is recalculated to include that person's income.

The amount of money contributed by the new member is included in the total family income. As a result, money previously shown as contributions such as child support, are no longer included separately as income. The contribution amount is not included because it is now declared as other income and verified and included in the total family income.

**Landlord Chapter**-A chapter was added to the plan to include more detailed landlord/ owner information

**Retroactive Subsidy Payments**-Errors resulting in greater than a \$10 per month difference in the rental subsidy will be processed retroactive to the original transaction date or the first of the calendar year (whichever is earlier) unless the agency is directed by HUD to process the change for a different time period. Errors resulting in less than a \$10 per month difference in the rental subsidy will not be processed retroactively unless the agency is so directed by HUD.

**Complaints**- The plan has been updated with a formal complaint procedure intake and response process
